

DAVID M. KLINE, PH.D.

Medical Center Boulevard ♦ Winston-Salem, North Carolina 27157-1063

Office: 336-716-3298 ♦ dkline@wakehealth.edu ♦ <https://sites.google.com/view/dkline>

EDUCATION

The Ohio State University

Ph.D. Biostatistics 2015

Advisors: Dr. Rebecca Andridge and Dr. Eloise Kaizar

M.S. Statistics 2012

Messiah College

B.A. Mathematics 2010

Minors: Statistics, Business Administration

POSITIONS

Affiliate Faculty 2022-present

Department of Statistical Sciences

Wake Forest University

Assistant Professor (secondary) 2022-present

Department of Epidemiology and Prevention, Division of Public Health Sciences

Wake Forest University School of Medicine

Assistant Professor (tenure track) 2021-present

Department of Biostatistics and Data Science, Division of Public Health Sciences

Wake Forest University School of Medicine

Assistant Professor (courtesy) 2019-2021

Division of Biostatistics, College of Public Health

The Ohio State University

Assistant Professor (tenure track) 2018-2021

Center for Biostatistics, Department of Biomedical Informatics, College of Medicine

The Ohio State University

Adjunct Assistant Professor 2017-2019

Division of Biostatistics, College of Public Health

The Ohio State University

Research Scientist 2015-2018

Center for Biostatistics, Department of Biomedical Informatics, College of Medicine

The Ohio State University

AWARDS

Excellence in Teaching Award, The Ohio State University Department of Biomedical Informatics 2020

The CSP 2015 Best Student Poster Award Runner-Up, American Statistical Association 2015

Lester R. Curtin Award, American Statistical Association 2014

University Fellowship, The Ohio State University 2010-2011

Lubrizol Fellowship, The Ohio State University 2010

The Honor Society of Phi Kappa Phi, The Ohio State University 2010

Mathematics Department Honors, Messiah College 2010

Who's Who Among Students in American Universities and Colleges 2010

Sigma Zeta National Science and Mathematics Honor Society, Messiah College 2008-2010

Honors Program, Messiah College 2006-2010

RESEARCH SUPPORT

Ongoing Support

Principal Investigator

- NIH R01 (PI: **D. Kline** and S. Hepler) 2021-2025
Spatio-temporal methods for surveillance of the opioid syndemic
Role: MPI (30% effort)

Co-Investigator/Biostatistician

- NIH U24 (PI: M.C.B. Adams) 2022-2027
WF DISC: Navigating Data Solutions for Chronic Pain and Opioid Use Disorder
Role: Consultant (5% effort)
- NIH R01 (PI: S. Rhodes and A. Tanner) 2021-2025
Harnessing the Power of Peer Navigation and mHealth to Reduce Health Disparities in Appalachia
Role: Co-I (10% effort)
- Lab Directed Research and Development (LANL) (PI: K. Kaufeld) 2021-2024
Assessing environmental and health impacts of airborne particulates
Role: Co-I (7% effort)
- AHRQ R01 (PI: C. Hebert and E. Root) 2020-2024
GeoHAI: A novel geographic tool for Hospital Acquired Infection visualization and assessment
Role: Co-I (20% effort)

Mentor

- NIH F30 (PI: D. Brook) 2020-2024
Buprenorphine, Hepatitis C Virus and Their Relationship in Rural US Populations
Role: Mentor (0% effort)
- NIH F31 (PI: A. Hetrick) 2022-2024
The effect of opioids, stimulants, and the simultaneous use of both on hepatitis C (HCV) cascade of care in rural communities in the United States
Role: Mentor (0% effort)

Completed Support (last 5 years)

Principal Investigator

- NIH R21 (PI: **D. Kline** and S. Hepler) 2018-2021
A Bayesian Spatio-Temporal Approach for Estimating County-Level Opioid Misuse Rates in Ohio
Role: MPI (21% effort)

Co-Investigator/Biostatistician

- NIH R01 (PI: E. Coccaro) 2020-2021
Aggression and SEIP: Neural Correlates During Alcohol Intoxication
Role: Co-I and Lead Biostatistician (5% effort)
- ODH Contract (PI: E. Seiber) 2020-2021
COVID Monitoring Team, Economic Analysis, and Ohio COVID-19 Assessment of Prevalence (OCAP)
Role: Co-I (25% effort)
- Michael J. Fox Foundation for Parkinson's Research (PI: A. Kloos) 2019-2021
Use of a computerized walking device in the home to improve home and community mobility in people with Parkinson disease
Role: Co-I and Lead Biostatistician (3% effort)

- NIH R01 (PI: S. He) 2019-2021
Neural encoding and auditory processing of electrical stimulation in pediatric cochlear implant users
Role: Co-I and Lead Biostatistician (5% effort)
- NIH UM1 (PI: R. Jackson) 2019-2020
Optimizing HEALing in Ohio Communities
Role: Co-I (10% effort)
- Biogen (PI: B. Elsheikh) 2018-2020
Characterizing longitudinal outcomes in adults with SMA treated with Nusinersen
Role: Biostatistician (5% effort)
- Cure SMA/Families of SMA (PI: B. Elsheikh) 2018-2020
Determine the motor unit response following SMN restoration in late onset spinal muscular atrophy
Role: Biostatistician (5% effort)
- NIH R01 (PI: C. Sen) 2017-2018
Wound healing endpoint and recurrence
Role: Biostatistician (10% effort)
- NIH CTSA (PI: R. Jackson) 2016-2018
Center for Clinical and Translational Science
Role: Core Biostatistician (10% effort)

PRESENTATIONS

[†] indicates co-presenter

Invited Presentations

- **D. Kline.** Prepare and organize data for collaboration. BERD: Lunch and Learn, Clinical and Translational Science Institute, Wake Forest University School of Medicine, September 2022.
- **D. Kline.** An integrated abundance model for estimating county-level prevalence of opioid misuse in Ohio. Division of Biostatistics Seminar, Thomas Jefferson University, July 2022.
- G. Gonsalves[†], **D. Kline**[†], and M. Rayo[†]. An Adaptive Approach to Surveillance of SARS-CoV-2. Forsyth County Department of Public Health, June 2022.
- **D. Kline.** Integrating Public Health Surveillance and Environmental Data to Model Presence of *Histoplasma* in the United States. Department of Epidemiology and Prevention, Wake Forest University School of Medicine, June 2022.
- G. Gonsalves[†], **D. Kline**[†], and M. Rayo[†]. An Adaptive Approach to Surveillance of SARS-CoV-2. Wake County Department of Health and Human Services, January 2022.
- **D. Kline.** Operating under uncertainty: Disease surveillance of COVID-19. Fall Virtual Speaker Event, American Statistical Association Columbus Chapter, November 2021.
- G. Gonsalves[†], **D. Kline**[†], S. Malloy[†], and M. Rayo[†]. An Adaptive Approach to Surveillance of SARS-CoV-2. SCRUM: Strategy and Technical Discussion, Resolve to Save Lives, September 2021.
- **D. Kline.** A Bayesian Spatio-Temporal Abundance Model for Surveillance of the Opioid Epidemic. Department of Biostatistics and Data Science Seminar, Wake Forest University School of Medicine, September 2021.
- **D. Kline.** Uncertainty and the Response to COVID-19. Statistics Colloquia, Amherst College, April 2021.
- **D. Kline.** Estimating Seroprevalence of SARS-CoV-2 in Ohio: A Bayesian Approach with Multiple Diagnostic Tests. Department of Biostatistics Seminar, Wake Forest University School of Medicine, February 2021.

- A. Norris Turner[†] and **D. Kline**[†]. Estimating the prevalence of past and current COVID-19 in Ohio. Institute for Population Research Seminar Series, The Ohio State University, February 2021.
- **D. Kline**. Uncertainty and the Response to COVID-19. 8th Annual Scientific Meeting, The Ohio State University Center for Clinical and Translational Science, January 2021.
- **D. Kline**. A Bayesian Spatio-Temporal Abundance Model for Surveillance of the Opioid Epidemic. Department of Biostatistics Seminar, Boston University, January 2021.
- **D. Kline**. Uncertainty and the Response to COVID-19. Department of Biomedical Informatics Seminar, The Ohio State University. October 2020.
- **D. Kline**, Y. Ji, and S. Hepler. A multivariate spatio-temporal model of the opioid epidemic in Ohio: A factor model approach. International Conference on Health Policy Statistics, January 2020.
- **D. Kline**. Using spatial statistics to assess the opioid epidemic in Ohio. Department of Mathematics and Statistics Colloquia, Wake Forest University, November 2019.
- **D. Kline**. Spatio-temporal analysis of histoplasmosis surveillance data to inform understanding of geographic risk. Byrd Polar and Climate Research Center Seminar, The Ohio State University, October 2019.
- **D. Kline** and S. Hepler. A spatial factor model approach for assessing the opioid epidemic in Ohio. New England Statistics Symposium, May 2019.
- **D. Kline**. A spatial factor model approach for assessing the opioid epidemic in Ohio. Division of Biostatistics Seminar, The Ohio State University, March 2019.
- **D. Kline**. A Joint Model of Opioid Treatment Admissions and Deaths for Adults and Adolescents in Ohio Counties. Department of Biomedical Informatics Seminar, The Ohio State University. August 2018.
- **D. Kline**. A joint spatial model of opioid associated deaths and treatment admissions in Ohio. Division of Epidemiology Research Day, The Ohio State University, May 2018.
- **D. Kline**. A joint spatial model of opioid associated deaths and treatment admissions in Ohio. Department of Mathematics, Physics, and Statistics Seminar, Messiah College, April 2018.
- **D. Kline**. A joint spatial model of opioid associated deaths and treatment admissions in Ohio. Division of Adolescent Medicine Seminar, Nationwide Children's Hospital, September 2017.

Panel Discussions

- J. Hartzel[†], **D. Kline**[†], A. Klopp[†], and E. Wichert[†]. Careers in Mathematics: Alumni Panel. Panelist at Messiah University Department of Computing, Mathematics, and Physics, February 2022.
- S. Malloy[†], A. Hyder[†], **D. Kline**[†], M. Rayo[†], and E. Root[†]. Briefing: Monitoring COVID-19 in Ohio & at Ohio State. Panelist at The Ohio State University Infectious Diseases Institute Virtual COVID-19 Symposium, December 2020.
- E. Griffith[†], **D. Kline**[†], and J. Sharp[†]. Consulting in the Statistical Sciences: A Department of Biostatistics Mini-Symposium. Panelist at Harvard School of Public Health, March 2018.
- S. Kalicin[†], A. Kaur[†], **D. Kline**[†], D. Morganstein[†], and L. Stork[†]. How Can Mentoring Help with the Practice of Statistics: A Panel Discussion. Panelist at the Conference on Statistical Practice, February 2015.

Contributed Presentations

- **D. Kline**, S. Hepler, A. Bunting, A. Rivera-Aguirre, N. Krawczyk, M. Cerdá. State-level evolution of overdose deaths involving stimulants in the United States, 2000-2020. Contributed talk at NYU Polysubstance Use Symposium, October 2022.
- **D. Kline**. A spatio-temporal factor model to describe the opioid syndemic in Ohio. Contributed talk at GEOMED 2022, October 2022.

- **D. Kline**, S. Hepler, N. Krawczyk, M. Cerdá, L. Waller. A multivariate multiple change point model to describe opioid overdose deaths across the United States. Contributed Paper at the ENAR Spring Meeting, March 2022.
- **D. Kline**, Z. Li, Y. Chu, J. Wakefield, W.C. Miller, A. Norris Turner, and S. Clark. Estimating Sero-prevalence of SARS-CoV-2 in Ohio: A Bayesian Approach with Multiple Diagnostic Tests. Contributed Paper at the ENAR Spring Meeting, March 2021.
- **D. Kline**, L. Waller, and S. Hepler. A Bayesian spatio-temporal abundance model for surveillance of the opioid epidemic. Contributed Paper at the Joint Statistical Meetings, August 2020.
- **D. Kline**, L. Waller, and S. Hepler. A Bayesian spatio-temporal abundance model for surveillance of the opioid epidemic. Contributed Paper at the ENAR Spring Meeting, March 2020.
- **D. Kline**, Y. Ji, and S. Hepler. A multivariate spatio-temporal model of the opioid epidemic in Ohio: A factor model approach. Contributed Speed Presentation at the Joint Statistical Meetings, July 2019.
- **D. Kline** and S. Hepler. A joint model of opioid treatment admissions and deaths for adults and adolescents in Ohio counties. Contributed Paper at the ENAR Spring Meeting, March 2019.
- **D. Kline** and S. Hepler. A joint model of opioid treatment admissions and deaths for adults and adolescents in Ohio counties. Contributed Speed Presentation at the Joint Statistical Meetings, July 2018.
- **D. Kline**, S. Hepler, A. Bonny, and E. McKnight. A spatial factor model approach for assessing the opioid epidemic in Ohio. Poster at ENAR Spring Meeting, March 2018.
- **D. Kline** and S. Hepler. Opioid treatment admissions and deaths for adults and adolescents in Ohio counties. Poster at International Conference on Health Policy Statistics, January 2018.
- **D. Kline**, S. Hepler, E. McKnight, and A. Bonny. A Spatio-Temporal Joint Model of Opioid Overdose Deaths and Treatment Seeking in Ohio Counties. Contributed Speed Presentation at the Joint Statistical Meetings, August 2017.
- **D. Kline** and J. Caterino. A Case Study in Evaluating Diagnostic Tests Without a Gold Standard: From Kappa to Bayesian Latent Class Modeling. Poster at ENAR Spring Meeting, March 2017.
- **D. Kline**, R. Andridge, and E. Kaizar. Two-Level Joint Model for Imputing Subject-Level Variables of Mixed Type. Contributed Speed Presentation at the Joint Statistical Meetings, August 2016.
- **D. Kline**, R. Andridge, and E. Kaizar. Comparing Multiple Imputation Methods for Systematically Missing Subject-Level Data. Contributed Paper at ENAR Spring Meeting, March 2015.
- **D. Kline**, R. Andridge, and E. Kaizar. Multiple Imputation for Missing Data in Longitudinal Research Synthesis: Identifying and Overcoming Assumptions in Software. Poster at the Conference on Statistical Practice, February 2015.
- **D. Kline**, R. Andridge, and E. Kaizar. Comparing Multiple Imputation Methods for Correlated Data. Poster at the Statistics & Biostatistics Graduate Student Poster Session at The Ohio State University, September 2014.
- **D. Kline**, R. Andridge, and E. Kaizar. Comparing Multiple Imputation Methods for Correlated Data. Contributed Paper at the Joint Statistical Meetings, August 2014.
- **D. Kline**, R. Andridge, and E. Kaizar. Comparing Multiple Imputation Methods for Correlated Data. Poster at The Ohio State-Cleveland Clinic-Case Western Reserve Biostatistics Symposium, April 2014.

COLLABORATION

National Collaborative Working Groups

- Invited participant, Challenges in Mathematical and Computational Modeling of Complex Systems, Banff International Research Station for Mathematical Innovation and Discovery, December 2019.

Purpose: The purpose of this conference was to share scientific information with other researchers and scientists and to promote international communication in the field of mathematics.

- Fellow, Data Science Innovation Lab Challenges in Rural Health and Environmental Exposures, NIH BD2K Training Coordinating Center, June 2019.

Purpose: The BD2K Training Coordinating Center organized a Data Science Innovation Lab to foster the development of new interdisciplinary teams via a facilitated and mentored format to tackle the challenges associated with the analysis, modeling, and visualization of large-scale data sets associated with the biomedicine of rural health.

Collaborative Relationships

Wake Forest University School of Medicine

- Full Member, Center for Addiction Research 2021-present
- Full Member, Maya Angelou Center for Health Equity 2021-present

The Ohio State University

- Neuroscience Research Institute, The Ohio State University 2015-2021
- Comprehensive Cancer Center, The Ohio State University 2015-2021
- Division of Emergency Medicine, Nationwide Children's Hospital 2015-2020
- Ross Center for Brain Health and Performance, The Ohio State University 2017-2019
- Division of Neurosurgery, Nationwide Children's Hospital 2016-2018
- Center for Clinical and Translational Science, The Ohio State University 2016-2018

TEACHING EXPERIENCE

Courses Taught

Wake Forest University

- Statistical Modeling (THSS 732):
Spring 2023

The Ohio State University

- Rigorous and Reproducible Design and Data Analysis (BMI 8150):
Spring 2020
- Elementary Statistics (STAT 135):
Spring 2012, Fall 2012

Guest Lectures

Wake Forest University

- Bayesian Analysis (STA 720):
10/20/2021

The Ohio State University

- Biostatistical Collaboration (PUBHBIO 7245):
4/10/2017, 3/19/2018, 2/26/2019, 2/18/2020, 2/16/2021
- Introduction to Biomedical Informatics (BMI 5710):
11/16/2020

Journal Clubs Led

The Ohio State University

- [Population Health Informatics and Biostatistics Journal Club](#):
Fall 2019, Spring 2020, Fall 2020, Spring 2021

Nationwide Children's Hospital

- Pediatric Emergency Medicine Fellows' Journal Conference:
2016-2017, 2017-2018

Teaching Assistant

The Ohio State University

- Group Studies in Biostatistics (PUBHBIO 7194):
May 2014
- Applied Longitudinal Analysis (PUBHBIO 7230):
Spring 2014
- Design and Analysis of Studies in the Health Sciences II (PUBHBIO 6211):
Spring 2013
- Applied Logistic Regression (PUBHBIO 7220):
Fall 2013
- Elementary Statistics (STAT 1350):
Fall 2011, Winter 2012, Fall 2012

Messiah College

- Calculus I (MATH 111):
Fall 2009
- Calculus II (MATH 112):
Spring 2010

ACADEMIC SERVICE

Committees

College

- Member, Faculty Representative Council Communications Subcommittee, Wake Forest University School of Medicine, 2022-present
- Member, Clinical Scientific Review Committee, The Ohio State University Comprehensive Cancer Center, 2016-2021

Department

- Member, Faculty Recruitment Committee, Wake Forest University School of Medicine Department of Epidemiology and Prevention, 2022-present
- Member, Seminar Organizing Committee, Wake Forest University School of Medicine Department of Biostatistics and Data Science, 2022-present
- Member, Twitter Committee, Wake Forest University School of Medicine Department of Biostatistics and Data Science, 2021-present
- Member, Faculty Recruitment Committee, Wake Forest University School of Medicine Department of Biostatistics and Data Science, 2021-2022
- Member, BMI Leadership Council, The Ohio State University Department of Biomedical Informatics, 2020-2021
- Chair, Student Engagement Committee, The Ohio State University Department of Biomedical Informatics, 2019-2021
- Member, Graduate Studies Coordinating Committee, The Ohio State University Department of Biomedical Informatics, 2019-2021
- Member, Fellowship Scholarly Oversight Committee, Nationwide Children's Hospital Division of Emergency Medicine, 2015-2019

Data Safety Monitoring Committee

- Initiation of injectable contraception immediately postpartum among breastfeeding women (PI: M. Gallo)

PROFESSIONAL SERVICE

Consultation

- Invited participant, Incorporating Intervention Effectiveness in Opioid Systems Modeling: An HHS Interagency Collaboration, Duke-Margolis Center for Health Policy and United States Food and Drug Administration, October 2020.
Purpose: This meeting will support continued interagency collaboration and aims to facilitate the exchange of information about priority data needs and initial findings from modeling efforts.
- Member, Comprehensive Monitoring Team, Ohio Department of Health, 2020-2021
Purpose: This team is tasked with consulting on the development of a syndromic surveillance and outbreak detection system to detect potential future COVID-19 outbreaks in Ohio.
- Invited participant, Data Needs in Opioid Systems Modeling: An HHS Interagency Collaboration, United States Food and Drug Administration, April 2019.
Purpose: The meeting brought together modeling teams, federal partners, data experts, and other stakeholders to foster a broad community of modeling expertise.

Grant Reviews

- Reviewer, NIH NIDA Special Emphasis Panel, HEAL Initiative: Understanding polysubstance use and improving service delivery to address polysubstance use, 2022
- Reviewer, CTSI BERD, Statistical/Novel Methods Pilot Award, 2022
- Ad hoc Reviewer, NIH Population and Public Health Approaches to HIV/AIDS (PPAH) Study Section, 2021
- Reviewer, Pediatric Emergency Medicine Clinical Research Committee Concepts for Multicenter Research, 2018
- Reviewer, NIH NIEHS Special Emphasis Panel, Powering Research through Innovative Methods for mixtures in Epidemiology (PRIME), 2017

Editorial Positions

- Editorial Board, *Epidemiology*, 2022-present

Article Reviews

Journal (Frequency)

- *American Journal of Epidemiology* (1), *Annals of Applied Statistics* (3), *Biometrical Journal* (1), *BMC Medical Research Methodology* (1), *CPT: Pharmacometrics and Systems Pharmacology* (1), *Developmental Cognitive Neuroscience* (1), *Drug and Alcohol Dependence* (1), *Epidemiology* (13), *Health Services and Outcomes Research Methodology* (1), *International Journal of Drug Policy* (1), *Journal of Educational and Behavioral Statistics* (1), *Journal of Neurotrauma* (1), *Journal of Substance Abuse Treatment* (1), *Journal of Survey Statistics and Methodology* (1), *Journal of the American Statistical Association* (3), *Paediatric and Perinatal Epidemiology* (1), *PLOS One* (3), *STAT* (1), *Statistical Methods in Medical Research* (1)

Technical Report

- [Spatial Analysis Report](#). Demographic and Health Surveys Program, United States Agency for International Development (USAID)

Committees

- Member, Organizing Committee, Emerging Methods in Translational Science: Contemporary Challenges in Prediction Modeling, 2022 CTSI Methods Conference, 2022
- Member, Florence Nightingale Day for Statistics and Data Science Board of Directors, 2021-present
- Member, ENAR Regional Advisory Board, 2021-present
- Member, HPSS Mentoring Studio Organizing Committee, American Statistical Association Health Policy Statistics Section, 2021-2022
- Member, Florence Nightingale Day Committee, American Statistical Association & Caucus for Women in Statistics, 2019-2021
- Member, The Ohio State-Cleveland Clinic-Case Western Reserve Biostatistics Symposium Planning Committee, 2020-2021
- Member, Scientific Advisory Committee, Great Lakes Node of the Pediatric Emergency Care Applied Research Network (PECARN), 2019-2020

Conference Activities

- Chair, Session on “Statistical Learning for Decision Support.” Joint Statistical Meetings, 2022.
- Chair, Session on “Dynamic Treatment Regimens.” ENAR Spring Meeting, 2021.
- Judge, Poster Session, 2021 OSUCOM Trainee Research Day, 2021.
- Moderator, Breakout Session on “Climate and Public Health.” Byrd Center Symposium on Climate Change, 2020.
- Chair, Session on “Advances in Resource Allocation for Epidemic Control: Estimation, Optimization, and Counterfactuals.” Joint Statistical Meetings, 2020.
- Organizer, Session on “Leveraging existing data on the opioid epidemic to quantify risk and inform policy.” International Conference on Health Policy Statistics, 2020.
- Program Committee Member, IEEE International Conference on Bioinformatics and Biomedicine, 2019.
- Chair, Session on “Joint Modeling of Longitudinal And Survival Data.” Joint Statistical Meetings, 2019.
- Co-organizer and Chair, Session on “Statistics and informatics: Stronger together.” ENAR Spring Meeting, 2018.

ADVISING

Wake Forest University

M.S. Committee Member

- Alexander Ivanov, MD, Translational Health System Science, 2022
Capstone: Cardiovascular Diseases and Risk Factors as Predictors of SARS-CoV-2 Seroconversion
- Samuel Carmichael II, MD, Translational Health System Science, 2021
Capstone: Geographic Variation in Operative Management of Adhesive Small Bowel Obstruction

Boston University

Ph.D. Dissertation Committee Member

- Jianing Wang, Biostatistics, current

The Ohio State University

M.S. Thesis Advisor

- Yuhan Pan, Biomedical Informatics, 2020
Thesis: Examining Opioid-related Overdose Events in Dayton, OH using Police, Emergency Medical Services and Coroner’s Data

Ph.D. Dissertation Committee Member

- Angela Hetrick, Epidemiology, current
- Payal Chakraborty, Epidemiology, 2022
Dissertation: Analysis of 2019 Ohio Disease Intervention Specialist (DIS) Data for Syphilis Using Natural Language Processing (NLP) Methods
- Daniel Brook, Epidemiology, 2022
Dissertation: Hepatitis C Virus Vulnerability, Testing, and Prevention among People Who Use Drugs in Southern Appalachian Ohio

M.S. Thesis Committee Member

- Anqi Liu, Biostatistics, 2018
Thesis: Modeling of the Patient Flow Process in the Pediatric Emergency Department and Identification of Relevant Factors

MPH Culminating Project Committee Member

- Nida Viqar, Biomedical Informatics, 2021
Culminating Project: Informing Development of a Mobile Health Application for Outpatient Parenteral Antibiotic Therapy
- Nicholas Pondel, Biomedical Informatics, 2019
Culminating Project: A Framework for Creating Structured Data from Mixed Free-Text and Categorical Data: Repurposing Emergency Medical Services Data for the Assessment of Child Maltreatment Risk

MPH Practicum Preceptor

- Daria Faulkner, Health Behavior and Health Promotion, 2021
Practicum Project: Implementation of Bandits Algorithm in COVID-19 Active Surveillance Program
- Sophia Padgett, Epidemiology, 2021
Practicum Project: Bandit Algorithm Public Health Practice Project
- Amanda Bleichrodt, Epidemiology, 2021
Practicum Project: The Bandit Algorithm Project

Nationwide Children's Hospital

Pediatric Emergency Medicine Fellowship Committee Member

- Colleen Bressler, MD, 2019
Project: Characteristics of Neighborhoods Where Emergency Medical Services Encounter Children at Risk for Maltreatment
- Katherine Battisti, MD, 2019
Project: A Paucity of Code Status Documentation Despite Increasing Complex Chronic Disease in Pediatrics
- Elaise Hill, MD, 2019
Project: Novel urine biomarkers to distinguish UTI from culture-negative pyuria
- Nathan Jamieson, MD, 2019
Project: Respiratory Pathogen Detection in Pediatric Patients Intubated for Presumed Infection
- Jordee Wells, MD, 2019
Project: Trends in adolescent birth and abortion rates from 2000 - 2014 across the United States
- Seth Linakis, MD, 2018
Project: Field triage of children with abdominal trauma
- Tracy Wagner, MD, 2018
Project: A Quality Improvement Initiative to Increase the Number of Pediatric Resident Laceration Repairs
- Renas Almubarak, MD MPhil, 2018
Project: Somali Use of the Pediatric Emergency Department

PROFESSIONAL MEMBERSHIPS

International Society for Bayesian Analysis, 2018-present

International Biometric Society, Eastern North American Region (ENAR), 2014-present

American Statistical Association, 2007-present

The Ohio Academy of Science, 2018-2021
